

A COAST FOR ALL SEASONS

A Naturalist's Guide to the Coast of South Carolina

Miles O. Hayes and Jacqueline Michel

TABLE OF CONTENTS

	Page
PREFACE	ix
ACKNOWLEDGEMENTS.....	xi
1. INTRODUCTION	1
SECTION I: COASTAL PROCESSES AND LAND FORMS	
2. ORIGIN OF THE COAST.....	7
3. COMPARISON WITH OTHER COASTLINES.....	19
4. COASTAL PROCESSES	25
Tides.....	25
Waves.....	27
Hurricanes.....	38
Earthquakes.....	42
5. MAJOR LANDFORMS OF THE COAST.....	43
The Georgia Bight.....	43
Barrier Islands.....	44
Introduction	44
Types of Barrier Islands	44
Origin of Barrier Islands	46
Tidal Inlets	50
Estuaries	56

Definition.....	56
Characteristics.....	58
Estuaries in South Carolina.....	61
Deltas.....	61
Sand Beaches.....	63
A River of Sand.....	63
The Beach Profile.....	63
The Beach Cycle.....	67
Physical Sedimentary Features and Biological Components.....	68
Coastal Dunes.....	76
6. BEACH EROSION.....	81
Introduction.....	81
Major Causes of Beach Erosion.....	82
Introduction.....	82
Deficits in Sand Supply.....	82
Sea-level Rise.....	87
Methods Commonly Used to Prevent Beach Erosion.....	91
Hurricane <i>Hugo</i> (1989).....	94
7. ESTUARINE AND BACK-BARRIER HABITATS.....	103
General Morphological Model.....	103
Marshes.....	103
Introduction.....	103
Freshwater Marshes.....	104
Brackish Marshes.....	106
Salt Marshes.....	106
Tidal Flats.....	108
Definition.....	108
Exposed Sandy Tidal Flats.....	108
Sheltered Mud Flats.....	109
Dominant Biogenic Features.....	113
Tidal Channels.....	114
8. THE FRESHWATER RIVER SYSTEMS.....	123
Description.....	123
Bottomland Hardwoods.....	125
9. CONTINENTAL SHELF.....	129
10. POTENTIAL RECREATIONAL ACTIVITIES.....	131
Canoeing and Kayaking.....	131
Birding.....	131
Fishing.....	131
Shell Collection.....	132
Relaxing at the Beach.....	132

SECTION II: MAJOR COMPARTMENTS

11. THE GRAND STRAND	135
Introduction.....	135
Coastal Geology.....	135
The Great Beach Nourishment Debate.....	137
The Good.....	138
The Bad.....	139
The Ugly	140
To Do Or Not To Do.....	140
The Northern Border.....	142
Myrtle Beach State Park	142
Lewis Ocean Bay Heritage Preserve	145
Huntington Beach State Park	149
Brookgreen Gardens.....	150
Pawleys Island.....	152
12. THE SANTEE/PEE DEE DELTA REGION	155
Introduction.....	155
The Winyah Bay Estuary Complex	156
Description	156
Places to Visit	157
The Santee Delta.....	159
General Morphology and Sedimentation Patterns	159
Impact of Man.....	162
Places to Visit	165
Cape Romain	170
Morphology and Origin.....	170
Places to Visit	175
Bulls Bay	176
13. THE BARRIER ISLANDS.....	179
Introduction.....	179
Bull Island Area.....	180
Morphology and Origin.....	180
Places to Visit	182
Isle of Palms/Sullivans Island	186
Morphology	186
History.....	188
Places to Visit	188
Folly Beach/Morris Island Area	191
Morphology, Origin, and History	191
Places to Visit	196
Kiawah and Seabrook Islands.....	200
Kiawah Island	200

History.....	200
Geomorphology and Erosional/Depositional History	201
The Beach.....	204
Tidal Inlets	207
Salt Marsh and Tidal Channels.....	207
Stratigraphy	207
Places to Visit	209
Seabrook Island	211
Discussion	211
Places to Visit	216
Edisto Beach Area	217
Introduction	217
Edisto Beach Recurved Spit.....	217
Landward-Migrating Barrier Islands to the Northeast.....	219
Places to Visit	220
14. THE LOW COUNTRY	225
Introduction.....	225
The ACE Basin	226
Morphology and Origin.....	226
Places to Visit	229
The Hunting/Fripp Islands Headland.....	235
Morphology, Origin, and History	235
Places to Visit	238
Port Royal Sound	245
Morphology and History	245
Places to Visit	247
Hilton Head Headland	248
Morphology and History	248
Places to Visit	250
Savannah River Delta.....	254
Morphology	254
Places to Visit	255
15. THE RIVERS AND SWAMPS.....	259
Introduction.....	259
Places to Visit	259
16. FUTURE OF SOUTH CAROLINA’S BARRIER ISLANDS.....	265
RECOMMENDED ADDITIONAL READING	267
REFERENCES CITED.....	271
INDEX	281
ABOUT THE AUTHORS.....	285
